Entry requirements for UK medical schools

2022 entry

msc Medical Schools Council

Selection Alliance

“Around the UK there are students who would make brilliant doctors but who feel in the dark about what they need in order to apply. Some of these students may never have considered their talent for medicine, while others have had encouragement from family or teachers.

“Medical schools want to find the best candidates and believe they can come from any background. With a resource like this, we hope that a major part of the process – admissions criteria – can become clearer for everyone.”

Paul Garrud
Honorary Associate Professor, University of Nottingham
Chair, Medical Schools Council Selection Alliance

Welcome

This guide contains information on entry requirements for all of the UK's bachelor's degrees in medicine. It was created by the Medical Schools Council and is updated yearly from information passed directly from the medical schools.

The purpose of the guide is to act as a point of reference and easy comparison for entry requirements. It cannot contain the full details of each medical school's requirements, so seeking confirmation and additional information on individual medical school's websites is essential.

Did you know...

All the information in this booklet is available as an interactive webpage so you can search by your chosen criteria and make easy comparisons.

Diversity and widening participation

This guide will be useful to all who are considering an application to study medicine. It was, however, created with particular focus on widening participation. This term refers to initiatives which provide opportunities for those who would make excellent doctors but who face barriers due to their educational and/or socioeconomic circumstances.

The Medical Schools Council believes that an applicant's chance of entering a medical degree programme should be dictated by factors such as academic ability, motivation and conscientiousness. Factors like wealth or cultural background should not present any barrier to studying medicine. Removing barriers will help to build a medical profession which is diverse, highly capable and represents the communities it serves.

Part of this is to present entry requirements information in the clearest way. This is of particular benefit to students who are without good careers guidance. It will also help careers advisers ensure that their knowledge is correct and up to date.

Collating and publishing this information is part of the medical schools' response to the demand for clear and accessible entry requirements for medicine, as recommended in the Final Report of the Selecting for Excellence project.

"I've had to overcome some major adversities in life in order to be where I am today. Although the grades I achieved at A level wouldn't typically have been sufficient to be considered for medicine, I'm extremely happy to have been given the opportunity."

Zephanai Braithwaite
Year 0 student
University of Southampton

Course types

Standard Entry Medicine

This is usually five years long, but in some institutions it is six. It can have different abbreviations, such as MBBS or MBChB, but all result in the bachelor's degree in medicine.

Graduate Entry Medicine

This is open to application from those who already have a bachelor's degree. Many universities accept a degree in any subject, but some require the previous degree to be science- or health-related. It is a four-year accelerated degree in most cases, but in some universities it is a five-year course. It is also known as the Graduate Entry Programme.

Medicine with a Preliminary Year

Note →

Sometimes this course is called a 'foundation year'. It should not be confused with the Foundation Programme, which is the period of practical training taken after graduation.

This course takes the form of a five-year Standard Entry Medicine with an additional year at the start, making a six-year course.

This course is designed for those who achieved highly at A level, or equivalent, but who did not take the required science subjects. This extra year gives students the necessary science training to catch up. It is not a means of boosting the grades of those who do not meet the entry requirements of Standard Entry Medicine.

Medicine with a Gateway Year

Note →

These courses have been designed specifically for widening participation, but many of the Standard Entry Medicine courses use similar methods. See the 'widening participation' box in each entry.

These medical degrees are designed for those who are of high ability but who may be coming from situations where they have had barriers to their learning.

The courses can take this into account in different ways, for instance by using 'adjusted criteria' to change the entry requirements for applicants from low-participation areas. Often these are six-year courses, with the first year being a foundation year. Some schools offer a stand alone foundation year, which allows progression on to a standard medicine course.

Admissions tests

Nearly all medical degrees use an admissions test as part of their entry requirements. There are three admissions tests. Applicants may sit different combinations of these tests according to the medical schools they intend to include in their application.

UCAT

Applicants must register for the UCAT between May and late September. After the UCAS deadline, results are sent directly to the medical schools to which the applicant has applied. Thirty medical schools use the UCAT. **Covid-19 has affected how UCAT is delivered. You must visit the website to confirm deadlines.**

UCAT also administers the Situational Judgement Test for Admission to Clinical Education (SJTace) which is an admissions test used for entry to the Scottish Graduate Entry Medical Programme (ScotGEM).

BMAT

There are usually two BMAT test dates per year. The first is in early September and applicants must register for this by early August. The second is in late October or early November and students should aim to register for this by the end of September, but late registrations are possible until the UCAS application deadline. The scores of those in the second sitting are sent directly to the medical schools to which they have have applied. Seven medical schools use the BMAT. **Covid-19 has affected how BMAT is delivered. You must visit the website to confirm deadlines.**

GAMSAT

This test is used for a number of the Graduate Entry Medicine courses. It is also used for graduate applicants to a small number of Standard Entry Medicine courses. Applicant must register for and sit the GAMSAT before making the UCAS application. Seven medical schools use the GAMSAT. **Covid-19 has affected how GAMSAT is delivered. You must visit the website to confirm deadlines.**

About Access courses

In medicine, Access courses are run by further education colleges and not by universities. This means there are many different Access courses on offer. Often they are designed for mature learners who may not have A levels or equivalent. As is the case for Medicine with a Preliminary Year, Access courses are not a substitute for poor performance at A level.

If you are thinking about applying for a specific Access course, it will be useful to first check some things with medical schools and with the institution offering the Access course so you can feel comfortable with your decision.

Questions for medical schools

- Do you accept the qualification offered by this Access course as part of your entry requirements?
- If so, have you previously admitted students who have been on this course?

Questions for the Access course provider

- Have students who have taken the Access course gone on to study medicine?
- If so, how many, and which medical schools did they go to?

Understanding the course tables

	Home	International
Number of applicants per interview	1	
Number of applicants per place		

		Use in selection
Application	Predicted A levels/Scottish Highers	2
	GCSEs/Scottish Nationals	
	International Baccalaureate	
	Personal statement	3
	Admissions test	4
Interview	Interview method	5
	Work experience	6
Widening participation		7

1 The numbers here are called 'competition ratios'. They state the number of applicants per interview and the number of applicants per place on the course. Where the ratio is not known, it is marked with '–'. **Due to the ongoing impact of Covid-19, competition ratios are excluded for 2022 entry.**

2 These are the minimum entry requirements which must be met for the application to proceed. It is at the following stages, such as interview, where medical schools really start to differentiate the applicants.

3 This will tell you how the personal statement is used. Most medical schools do not score the personal statement (but may still read it for background information). Some do score the personal statement.

4 This states the admissions test used by the medical school. See the previous page for more on these.

5 Interviews can take different forms, such as a single panel interview, or a series of short interviews called a 'multiple mini-interview'. Different styles can focus on different attributes in the candidate.

6 Medical schools may specify what kind of experience they are looking for. Remember: it is not a checklist. The key is the way in which an applicant discusses their experiences in the interview, not the places where they have gained them. For instance, if asked to provide an example of working with other people, having had a part-time job can be just as valuable for answering this as having shadowed a doctor. See the Work experience guidelines for applicants to medicine for more on this.

7 This box contains any information which relates to widening participation. This can take many forms, from stating particular colleges that the medical school works with, to describing how the grade threshold may be lowered according to factors in the applicant's circumstances.

Standard Entry Medicine

This course type is usually five years long, but in some institutions it is six. It can have different abbreviations, such as MBBS or MBChB, but all result in a bachelor's degree in medicine.

University of Aberdeen Medical School
MB ChB Medicine (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	Minimum required is a 2.1 in an undergraduate degree with a Chemistry grade B in SQA Higher or Chemistry grade B in A level.
	Predicted A levels/Scottish Highers	A levels - AAA including Chemistry and one from Biology/ Human Biology, Maths or Physics achieved at same time. SQA - AAAAB at SQA Higher level including Chemistry and two from Human Biology/Biology, Maths or Physics and two further Highers in most subjects. S6: Three full academic courses in Advanced Highers or a mix of two Advanced Highers and one new Higher at BBB grade.
	GCSEs/Scottish Nationals	GCSE Grade 5 in English and Maths and combination of grades 6–9 especially in science subjects. SQA National 5 English and Maths at grade B and a combination of grades A and B passes, especially in science subjects.
	International Baccalaureate	36 points. Three subjects at Higher level at grade 6 or higher including Chemistry and one of either Biology, Physics or Maths. Three appropriate subjects at standard level with average grade 6 including one science if three not offered at Higher level.
	Personal statement	Personal Statement is reviewed prior to interview for evidence of preparation for medicine. The personal statement is not scored but is assessed at interview.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-Interviews
	Work experience	A range of experience in primary care or a hospital, voluntary work in care homes hospices or special schools. Both clinical and non-clinical experience are important but It is recognised that not everyone will be able to secure clinical work experience. A work experience form is completed and submitted at interview.

Widening participation	We consider a range of criteria for widening participation. Please see website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Aberdeen Medical School.

Anglia Ruskin University School of Medicine
MB ChB Medicine (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	Minimum 2:1 honours degree awarded within the last five years. The degree must be in a biological, biomedical, chemistry or health science subject (please note we do not accept Nursing or Paramedic Science).
	Predicted A levels/Scottish Highers	AAA at A level taken within two academic years prior to the time of application, to include Chemistry or Biology and one of either Biology, Chemistry, Maths or Physics. AAB from Scottish Advanced Highers with grades AA to come from Biology and/or Chemistry and another science subject. AAAAA at Higher Grade including Biology and/or Chemistry and another science subject.
	GCSEs/Scottish Nationals	A minimum of 5 GCSE passes at grades 9-6 (A*-B) or equivalent required including Maths, English Language and two science subjects.
	International Baccalaureate	A minimum of 36 points is accepted. 6,6,6 at Higher Level in Biology and/or Chemistry plus one other science subject.
	Personal statement	The personal statement is not taken into consideration when shortlisting for interview, but candidates who are invited to interview can expect to be asked about their personal statement at that stage.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	It is desirable for applicants to have undertaken work experience in the healthcare sector, whether that be shadowing, volunteering, paid-work or observing. Clinical and non-clinical experience are important, which could be in a nursing home, nursery, charities, voluntary organisations, pharmacy as well as GP surgeries and hospitals.
Widening participation		Applicants who meet the criteria of our Widening Access to Medicine Scheme are eligible, if successful at interview, to receive a lower offer of grades ABB rather than AAA. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Anglia Ruskin University Medical School.

Aston University Medical School
MB ChB Medicine (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	For graduate applicants, a minimum of a 2:1 in any discipline, plus three A Levels at grades ABB, to include Chemistry and Biology, with either at grade A or equivalent international qualification. GCSE requirements must also be met.
	Predicted A levels/Scottish Highers	A Level: AAA which must include Chemistry and Biology (including passing the practical elements). Scottish Advanced Highers: AAA to include Chemistry and Biology.
	GCSEs/Scottish Nationals	Normally applicants are required to have a minimum of five grade 6 (B) at GCSEs, or equivalent for international qualifications, including Maths, English Language, Chemistry, Biology or Double Science.
	International Baccalaureate	36 overall. 6,6,6 in three subjects which must include Chemistry (HL6) and Biology (HL6).
	Personal statement	All personal statements are read but not scored or used in ranking of applicants.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	We do not require applicants to have healthcare related work experience but do expect them to have some exposure to a work place.

Widening participation	We aim to offer up to 40% of our UK places each year to students who meet specified widening participation criteria. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Aston University Medical School.

University of Birmingham Medical School
MB ChB Medicine and Surgery (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	Applicants with a 2:1 in any subject and have achieved minimum ABB at A level (Chemistry and Biology).
	Predicted A levels/Scottish Highers	AAA at A level including Biology and Chemistry. AA at Advanced Higher including Biology and Chemistry.
	GCSEs/Scottish Nationals	Minimum of grade B/6 in science, English and Maths. Home applicants: An application score is calculated based on GCSE and UCAT results as well as contextual factors. A total of seven GCSE results are scored, including English, maths and science. The contextual element is described below. The website calculator allows prospective applicants to receive feedback on the likelihood of success based on the academic factors used in selection.
	International Baccalaureate	6,6,6 at Higher Level (including Biology and Chemistry) plus total points score of 32.
	Personal statement	Personal statement is not scored. It is expected that the statement provides evidence of commitment to study medicine.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	At interview we will assess the values held by an applicant, their motivation towards a career in medicine and their understanding of the medical profession. Due to current pandemic restrictions, we will not require an applicant to draw upon face-to-face experiences.
Widening participation		Pathways to Birmingham. For applicants who are made an offer following interview, the offer is ABB.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Birmingham Medical School.

Brighton and Sussex Medical School
BMBS Medicine (A100)
5 years

	Home	International
Number of applicants per interview	–	–
Number of applicants per place	–	–

		Use in selection
Application	Degree qualifications (for graduate applicants)	2:1, for those with a science degree GCSE Maths & English at grade 6 (B) is required. For non-science degrees A Level Biology and Chemistry at grade A is required.
	Predicted A levels/Scottish Highers	AAA at A level including Biology and Chemistry. AAA (at Scotiish Advanced Highers including Biology and Chemistry.
	GCSEs/Scottish Nationals	GCSE Maths and English at grade 6 (B).
	International Baccalaureate	36 points including Biology and Chemistry at Higher level at grade 6.
	Personal statement	Personal statement is not used in any part of selection process.
	Admissions test	BMAT
Interview	Interview method	Multiple-mini interviews
	Work experience	Not required
Widening participation		BSMS has a number of WP activities - • BrightMed • BrightIdeas • Virtual work experience • GP work experience Applicants who meet WP criteria will receive an offer of AAB at A level (35 points IB) along with GCSE maths and English at grade 5 (C). See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Brighton and Sussex Medical School.

University of Bristol Medical School
MB ChB Medicine (A100)
5 years

	Home	International
Number of applicants per interview	–	–
Number of applicants per place	–	–

		Use in selection
Application	Degree qualifications (for graduate applicants)	2:1 degree plus ABB at A level including A in Chemistry and B in either Biology, Physics or Maths (or in equivalent level 3 qualifications). Any degree subject is accepted if applicants meet the above level 3 requirements.
	Predicted A levels/Scottish Highers	AAA at A level including in Chemistry and either Biology, Physics or Maths. AA at Advanced Higher in Chemistry and one of Biology, Physics or Maths and Standard Higher: AAAAB
	GCSEs/Scottish Nationals	Minimum of grade A in Maths and grade C in English Language. Scottish Nationals - A in Mathematics, C in English Language.
	International Baccalaureate	36 points overall with 18 at Higher level, including 6,6 at Higher level in Chemistry and one of Biology, Physics or Maths.
	Personal statement	This is not assessed, but may be used to differentiate between applicants who have achieved the same UCAT score.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews
	Work experience	While not a requirement for the course, we encourage applicants to obtain a minimum of two weeks' work experience. This enables the applicant to gain some insight into their potential vocation. Applicants may be asked to reflect on their work experience at interview.

Widening participation	See website for more detail.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Bristol Medical School.

University of Buckingham Medical School
MB ChB Medicine (71A8)
4.5 years

	Home	International
Number of applicants per interview	–	–
Number of applicants per place	–	–

		Use in selection
Application	Degree qualifications (graduate applicants only)	For applicants offering a degree – they should have a Bachelor degree in a subject cognate to Medicine, and have or be predicted a minimum classification of 2.1.
	Predicted A levels/Scottish Highers	ABB at A level including Chemistry and Biology. BBB at Advanced Highers to include Chemistry and Biology.
	GCSEs/Scottish Nationals	No specific requirements.
	International Baccalaureate	In the specific case of the International Baccalaureate, they should be expected to achieve or to have achieved a total score of at least 34 points with Higher Level 6 in Chemistry & Biology. Please note that the overall point score does not include theory of knowledge or extended essay.
	Personal statement	The medical school may consider all the information provided within a candidates application including academic qualifications, personal statement and references before a final decision is made to interview or offer a place on the course.
	Admissions test	None.
Interview	Interview method	Multiple mini-interviews
	Work experience	Not considered.

Additional information	The University of Buckingham is a not-for-profit educational charity that receives no government subsidies. More information on fees. Please note the application deadline for this course is 31 August of each year. This course is 4.5 years and with the term start in January 2021.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Buckingham Medical School.

University of Cambridge School of Clinical Medicine
MB BChir Medicine (A100)
6 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Predicted A levels/Scottish Highers	Typical offers are A*A*A at A level, or A1A1A2 in Scottish Advanced Highers. On entry, applicants must have A level passes in Chemistry and at least one of Biology, Physics, Maths (two required by some colleges). Please note that the success rate for students offering three or more Science/Maths A levels has often been higher than for those without.
	GCSEs/Scottish Nationals	No specific requirements.
	International Baccalaureate	40–42 points, with 7,7,6 at Higher Level. On entry, applicants must have Higher Chemistry and at least one of Higher Biology, Physics, Maths (two required by some colleges).
	Personal statement	Personal statement is reviewed prior to interview but not scored.
	Admissions test	BMAT
Interview	Interview method	Panel interview/s (usually two interviews lasting 25–30 minutes at one college).
	Work experience	To develop understanding of what a career in medicine involves and suitability for your intended profession, candidates are strongly advised (though not required) to undertake some relevant work experience (either paid or voluntary) in a health or related area. The medical school is not prescriptive about how this is obtained and recognises the widely differing opportunities available.
Widening participation		Contextual data is considered within the admissions process; relevant applications receive contextual flags based on individual, socio-economic and educational disadvantage. This information is fully considered as part of a holistic admissions process to aid in the fair assessment of applicants, but does not result in systematic lower grade offers. The university delivers a Medicine Summer School with the Sutton Trust, alongside a number of other subject-specific outreach interventions.

To confirm this information, see details on the course's entry requirements, and learn about the course itself, see its webpage: University of Cambridge School of Clinical Medicine.

Cardiff University School of Medicine
MB BCh Medicine (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Predicted A levels/Scottish Highers	AAA at A level which should include Chemistry and Biology. The Welsh Baccalaureate is accepted in the place of a third A level. General Studies, Critical Thinking and Further Maths are not accepted.
	GCSEs	Eight GCSEs at grade B/6 including Biology, Chemistry, and Maths, or equivalent qualifications.Grade 6 (B) is required in Maths and English Language. If Welsh Language is offered, it must also be supplemented with English Language at a minimum of a grade 6 (B).
	International Baccalaureate	IB Diploma with a minimum overall score of 36 and 766 in 3 Higher level subjects. Must include grade 6 in HL Biology or Chemistry AND grade 6 in one other HL science from Biology, Chemistry, Mathematics, Physics, or Statistics. Must also include grade 7 in SL Biology or Chemistry if not taken at HL. All offers exclude Theory of Knowledge and the Extended Essay.
	Personal statement	Evidence is sought for insight into a career in medicine, experience and reflection of personal responsibility, experience and reflection in a caring environment, a balanced approach to life, self-directed learning and a sense of social awareness, in addition to positive referee's comments.
	Admissions test	UCAT (GAMSAT for graduates)
Interview	Interview method	Multiple mini-interviews
	Work experience	The university recognises that opportunities for work experience will vary according to individual circumstances. Applicants are encouraged to show an appreciation of the length of the training programme and the career structure.
Widening participation		The academic and non-academic attainment of a candidate will be reviewed against educational performance data and socio-economic background to provide an overview of an applicant's potential. The medical school will consider this information when deciding whether to call a candidate for interview. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Cardiff University School of Medicine.

University of Dundee School of Medicine
MB ChB Medicine (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	Minimum upper second class (2:1) Honours degree in a relevant life science subject. This should be the first degree obtained.
	Predicted A levels/Scottish Highers	AAA grades at A level, to include Chemistry and another science, achieved in one sitting. A minimum group of AAAAB grades at SQA Higher level including Chemistry and another science subject, all to be obtained at the same sitting. Biology is required to at least Standard grade. Offers are conditional on BBB in S6 exams.
	GCSEs/Scottish Nationals	GCSE - Biology, English, and Mathematics at least to Grade B/6, if not studied at A-Level (A2). Scottish Nationals - Biology at least to grade A at National 5 and Mathematics and English at least to grade B at National 5, if not studied at Higher.
	International Baccalaureate	Minimum total of 37 points, to include 6,6,6 at Higher level. Subjects at Higher level should include Chemistry and another science (from biology, physics or mathematics). Plus three subjects at Standard level with average of grade 6, to include Biology at least to Standard level 6.
	Personal statement	Personal statement is reviewed prior to interview but not scored.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews
	Work experience	We normally recommend up to two weeks' work experience which is discussed at interview. However due to the current pandemic the Medical Schools Council has released guidance to support applicants seeking experience during the pandemic.

Widening participation	See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Dundee School of Medicine.

Edge Hill University Medical School
MB ChB Medicine (A100)
5 years

	Home	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Degree qualifications (for graduate applicants)	2:1 in a science-related a science-related degree, including Psychology, which has been awarded in the two years prior to application. Graduates must have grades ABB at A level including Biology and Chemistry, at least one of which must be at grade A with the other at minimum grade B, as well as one other subject.
	Predicted A levels/Scottish Highers	AAA at A level, including Biology and Chemistry, with passes in the practical elements of both subjects, and one other subject. While Biology and Chemistry are both required at grade A or above, where Grade A* is achieved in either Biology or Chemistry (or both Biology and Chemistry), the third A Level subject will be accepted at Grade B or above. Scottish Highers: Grades AAAAB including Biology, Chemistry and three other subjects. Advanced Highers: AAA in Biology, Chemistry and one other subject.
	GCSEs/Scottish Nationals	At least five GCSEs at grade B or grade 6 or above (or equivalent) at the time of application, including Biology, Chemistry, English Language and Maths are required. GCSE Double Science Awards at grades 6-6 or B-B or above will also be accepted in lieu of separate GCSEs in Biology and Chemistry.
	International Baccalaureate	36 points to include three subjects at Higher Level, with at 6,6,6 in Biology, Chemistry and one other subject, plus three further subjects at standard level with a minimum of 5 points each.
	Personal statement	Personal statement and reference used to allow us to distinguish between borderline applicants.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews
	Work experience	No specific work experience is required, but students are asked to draw on personal experience as part of the Multiple Mini Interviews (MMIs). This could include work experience.

Widening participation	If you meet a certain Widening Participation (WP) Criterion this may be used to compensate against your UCAT score.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Edge Hill University Medical School.

University of East Anglia, Norwich Medical School
MBBS Medicine (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	2:1 in any degree subject, with a minimum of BBB/ABC at A level in the first sitting. Must hold six GCSEs at grade 6 or grade B or above, including Mathematics, English Language and either two single science subjects.
	Predicted A levels/Scottish Highers	AAA at A level including Biology/ Human Biology or Chemistry. General Studies and Critical Thinking are not accepted. Science A levels must include a pass in the practical element. Applicants taking longer than 2 years will normally be subject to our resit policy and expected to demonstrate a higher level of achievement by achieving an A*, reflecting the longer study period, as per our resit policy. Scottish Advanced Highers BBB in Secondary Six (S6) Advanced Highers including Biology or Chemistry in the first sitting or AB in Secondary Six (S6) Advanced Highers including Biology or Chemistry plus an additional Higher Level at grade A taken in Secondary Six (S6), in the first sitting. Combinations can be substituted with A Levels.
	GCSEs/Scottish Nationals	All applicants except for graduates must have a minimum of six GCSE (or EU/international equivalent) passes at grade 7 (A) to include Maths and two Science subjects. GCSE English Language grade 6 (B) must also be achieved. GCSE short courses are not accepted. GCSE resits are accepted.
	International Baccalaureate	36 points overall with Higher Level 6,6,6 including Biology or Chemistry.
	Personal statement	Personal statement is not scored but a commitment to study medicine is expected.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews
	Work experience	Candidates will need to evidence two different experiences that have informed their decision to study medicine.

Widening participation	-

Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	2:1 honours degree, or its international equivalent, in a Biology, Chemistry, Mathematics, or Physics based subject. We will also consider applicants with a UK 2:1 honours degree in other subjects who have an SQA Higher, A Level, or equivalent, in Chemistry at B.
	Predicted A levels/Scottish Highers	AAA at A level including Chemistry and one of Biology/ Human Biology, Maths and Physics. BB at Advanced Higher in S6. AAAAB at Higher by the end of S5 including Chemistry and two of Biology/Human Biology, Maths or Physics. The minimum entry requirements for widening access applicants are: SQA Highers: AAABB by end of S5 and CC at Advanced Higher. A Levels: AAB. IB: 36 overall with 666 at HL.
	GCSEs/Scottish Nationals	National 5s in Biology, Chemistry, English and Maths at grade B/6. GCSEs in Biology, Chemistry, English, Maths at grade 6 (B). Double Award combined sciences or equivalent at grade 6,6 (BB) may replace GCSE grades in sciences.
	International Baccalaureate	37 points with 7,6,6 at Higher Level including Chemistry and at least one other science subject. SL: Mathematics and English at 5 and Biology at 5 (if not at HL). We accept both the Mathematics Analysis & approaches and Applications & interpretation pathways. If Mathematics and English Language do not form part of your IB diploma we will also accept GCSE, or equivalent, at B
	Personal statement	While it will not be formally assessed, it will play an important part in the assessment day. See website for details.
	Admissions test	UCAT

Interview	Interview method	Assessment Day
	Work experience	We value quality of experience over quantity. We are looking for clear evidence of reflection on these experiences, showing us what personal lessons you took from them and using these to demonstrate an aptitude for medicine.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Edinburgh Medical School.

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	2:1 in any degree subject, with a minimum of BBB at A level to include biology or chemistry plus a second from the list below. Must hold GCSEs at grade 6/B or above in mathematics, English language and combined science or three separate sciences.
	Predicted A levels/Scottish Highers	A-Levels: AAA including either Biology or Chemistry plus another from Biology, Chemistry, Economics, Further Mathematics, Mathematics, Physics, Psychology, Statistics. Scottish Highers: minimum of AAAAB, including Chemistry/Biology plus a second science both at A, to be achieved by the end of S5. Advanced Highers: Minimum of AB from two subjects (both sciences) sat in S6 - any additional subject sat at Higher level in S6 must be achieved at grade B or higher.
	GCSEs/Scottish Nationals	Minimum five GCSEs at grade 7 (A). English Language, Maths and Sciences must have been passed at a minimum of 6 (B). Minimum of five Scottish National 5 qualifications at grade A/1, with a minimum of grade B/2 required in English Language, Maths and any science not offered at Higher grade B or better.
	International Baccalaureate	35 points from six academic subjects. Grades of 6,6,6 at Higher Level to include biology or chemistry plus a second science and 6,6,5 at Standard Level usually required.
	Personal statement	Not assessed but may be used within an interview station.
	Admissions test	UCAT (Home) BMAT (International) GAMSAT (graduate applicants not meeting A-Level/GCSE requirements; must also sit UCAT or BMAT, as appropriate).

Interview	Interview method	Multiple mini-interviews plus numeracy assessment.
	Work experience	Home applicants are selected for interview on the basis of a roles & responsibilities (R+R) form, which should include details of experiences involving direct engagement with people in one or more caring, assitive or supportive role(s).

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Keele University School of Medicine.

Kent and Medway Medical School

5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	2:1 class Honours Bachelor's degree in biomedical science, professions allied to medicine. psychology (BPS accredited) only
	Predicted A levels/Scottish Highers	AAB including Chemistry or Biology, plus one of Chemistry, Biology, Maths, Psychology or Physics. Excluding General Studies and Critical Thinking.
	GCSEs/Scottish Nationals	Five subjects at 9–6 (A*–B) including English Language and Maths plus Biology, Chemistry and Physics or Double Science and another subject.
	International Baccalaureate	We accept the IB diploma, with minimum grade 6 in Biology and/or chemistry, and another science if both not offered (can include physices, maths, psychology, computing). We do not accept the IBCP.
	Personal statement	Personal statements are considered for all borderline applicants in order to promote them into the group selected for interview.
	Admissions test	UCAT
	Interview method	Multiple mini-interviews
	Work experience	Work experience is considered within the personal statement.
Widening participation		KMMS has pioneered a "contextualise everyone" method for school leaver applicants. This considers every applicant's GCSE or A level attainment in comparison to their school average attainment, and has been shown to have remarkable effects on widening participation. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Kent and Medway Medical School.

King's College London School of Medical Education
MBBS Medicine (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Predicted A levels/Scottish Highers	Bioscience graduates will be considered with minimum 2:1 undergraduate degree. All other graduates will be considered with minimum 2:1 AND grades AA at A level in both Biology and Chemistry.
	Predicted A levels/Scottish Highers	A*AA at A level including Chemistry and Biology. AAA at Scottish Higher in one sitting and AA at Advanced Higher, including grade A in Advanced Higher Chemistry and Biology. If only one of Chemistry or Biology is offered at Advanced Higher, the other must be offered at Higher level at grade A.
	GCSEs/Scottish Nationals	GCSEs: Grade 6/B in both English Language and Maths required.
	International Baccalaureate	A total of at least 35 points, with three Higher Level subjects at 766 including Chemistry and Biology. Note the total point score of 35 includes TOK/EE.
	Personal statement	Personal statements are used as part of the interview shortlisting process.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	We would normally expect that you will have undertaken some work experience in a caring environment and/or observation in a Medical clinical setting. If this is not possible, we look for evidence that you have worked in a setting where you can interact with the general public, eg. in a pharmacy, check-out or restaurant.
Widening participation		Prospective applicants who have taken part in widening participation programmes within King's, are part of Realising Opportunities, or who believe they meet any other widening participation criteria should contact the admissions team for advice before making an application.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: King's College London School of Medical Education.

Lancaster University Medical School
MB ChB Medicine and Surgery (A100)
5 years

Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	If applicant has a 2:1 degree in a biological, biomedical or health science subject then A level grades of BBB including two from Biology, Chemistry and Psychology will be considered; for any other degree subject A level grades should be AAB including including two from Biology, Chemistry and Psychology.
	Predicted A levels/Scottish Highers	AAA including two from Biology, Chemistry and Psychology or AAB in three A-levels (as above) plus an EPQ, 4th AS-level or 4th A-level subject at B. Scottish Highers: AAAAB at Scottish Highers plus AA in Advanced Highers in both Biology & Chemistry.
	GCSEs/Scottish Nationals	GCSEs: at least eight GCSEs, including English language, Maths, Biology, Chemistry and Physics (or Core and Additional Science) Minimum score of at least 13 points from 8 GCSEs, where A*/A or grades 7-9 = 2 points and B or grade 6 = 1 point.
	International Baccalaureate	36 points overall with at least 6 in three Higher Level subjects including any two of Biology, Chemistry and Psychology and 5 in three Standard Level subjects.
	Personal statement	The personal statement is not used as a stand alone part of our selection process but may be used as part of the interview.
	Admissions test	BMAT
Interview	Interview method	Multiple mini-interviews
	Work experience	Reflection on work and voluntary experience will be explored at interview. After interview, we aim to verify work and voluntary experiences discussed in the applicant's personal statement.
Widening participation		Lancaster Medical School has a contextual offer scheme for applicants who meet two or more widening participation criteria. See website for details. We also run a range of activities, including a Summer School, to help widening participation students prepare to apply. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Lancaster University Medical School.

University of Leeds Medical School
MB ChB Medicine and Surgery (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	2.1 in appropriate topic. If Chemistry or Biology is not offered at A level grade B or above then equivalent content must be offered at degree.
	Predicted A levels/Scottish Highers	AAA at A level including Chemistry or Biology. Physics or Maths must also be offered if Chemistry is not taken. Scottish Highers: Typical offer AAAAB at Higher including Biology and Chemistry, and AB at Advanced Higher, including A in Chemistry or Biology.
	GCSEs/Scottish Nationals	Six subjects at minimum grade 5 (B) including English Language, Maths, Double/Additional Science or Chemistry and Biology. This is a minimum entrance requirement and the majority of applicants will have qualifications well above this standard.
	International Baccalaureate	35 points with a mark of 6 in three Higher Level subjects one of which must be Chemistry or Biology. Two subjects from Chemistry, Biology, Maths and Physics must also be offered at either Higher or Standard Level if not offered at GCSE. If English not offered at GCSE, this must be offered with a mark of at least 5 at Standard level.
	Personal statement	Not formally scored, but it is essential that applicants take this opportunity to demonstrate their motivation and enthusiasm to study.
	Admissions test	BMAT
Interview	Interview method	Multiple mini-interviews
	Work experience	Experience in a healthcare setting, though this definition is broad.
Widening participation		Access to Leeds applicants receive special consideration from admissions tutors and those who receive an offer are given an alternative offer alongside their standard offer. See website for details. Interdisciplinary Science Foundation Programme (CFGO): Students who successfully complete the year may transfer to the MBChB.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Leeds Medical School.

University of Leicester Medical School
MB ChB Medicine (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	2:1 degree in any discipline provided the applicant meets our minimum GCSE requirements and has a BBB or ABC at A-level including a B grade in either Chemistry or Biology.
	Predicted A levels/Scottish Highers	AAA at A level including Chemistry or Biology and one of Biology, Chemistry, Physics, Maths or Psychology, but excluding General Studies, Citizenship Studies or Critical Thinking. Also consider A*AB provided you have an A in Chemistry or Biology. AAA at Advanced Higher including Chemistry or Biology and one of Biology, Chemistry, Physics, Psychology or Maths. We will also consider the two sciences at Advanced Higher (grade AA) plus three other subjects at Highers level (grades AAB). We will not consider applicants who only take Scottish Highers.
	GCSEs/Scottish Nationals	All applicants must have a Grade B/6 in English Language, Mathematics, and two sciences (either Chemistry and Biology or Science and Additional Science).
	International Baccalaureate	We accept a minimum score of 34 points overall, and a minimum score of 6 in three Higher Level subjects (or 7,6,5 provided you have at least a 6 in Chemistry or Biology) including Chemistry or Biology, and one of Biology, Chemistry, Physics, Maths or Psychology.
	Personal statement	Not routinely read although they can be used in a borderline or tiebreaker situation.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	Healthcare-related work experience is not required but applicants, particularly those who are borderline, must showcase reflection in whatever type of work they have encountered (voluntary, paid work in retail, catering, health or social care).
Widening participation		Contextual data will be used in selecting for interview and at offer stage. As well as giving adjusted criteria for students on the Realising Opportunities Programme and MEDLEAP programmes, those on these access programmes are automatically invited to interview providing they are not in the lowest two deciles of UCAT and do not have band 4 in the SJT. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Leicester Medical School.

Lincoln Medical School (University of Nottingham Lincoln Pathway)
BMBS Medicine Lincoln Pathway (A10L)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (graduate applicants only)	2.1 any degree, but must have achieved our A level requirements if not science based, and all must have minimum GCSE level 4 (C) in maths and English language.
	Predicted A levels/Scottish Highers	**We do not use predicted A level grades and do not score A levels, AS levels, or equivalent as part of our selection process. However, any offers made will be conditional on meeting the A level requirements:** AAA including biology (or human biology) and chemistry. A pass is required in science practical tests, where these are assessed separately. AA at Advanced Higher including Biology and Chemistry. AAAAB at Scottish Higher including Biology and Chemistry, Maths and English Language. Grade A must be achieved in Biology and Chemistry.
	GCSEs/Scottish Nationals	Six GCSEs at grade 7 (A). These GCSEs must include Biology, Chemistry and Physics as either individual subjects, triple science or double science. They may include Maths amd English. At least AAAAAA in Scottish National 5 qualifications including the sciences (Biology, Chemistry, Physics), Maths and English Language.
	International Baccalaureate	36 points (6, 6, 6 at Higher Level including Biology and Chemistry, excluding core component). English language is required at either standard level (grade 6) or higher level (grade 5).
	Personal statement	The personal statement and reference are assessed after interview before issuing offers. The personal statement is not scored.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews but for 2021 entry an on line 4 station interview was used.
	Work experience	Work experience not expected from March 2020 due to Covid-19 pandemic.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Nottingham Lincoln Medical School.

University of Liverpool School of Medicine
MB ChB Medicine and Surgery (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	If applying as a graduate, a 2:1 honours degree in a biological, biomedical or health sciences degree and A levels of BCC including Chemistry and one other science subject (e.g Biology, Maths, or Physics). If applying with a non-science degree, higher grades in science A levels would be required.
	Predicted A levels/Scottish Highers	AAA, to include Chemistry together with either Biology, Physics or Mathematics and a third academic subject. AA at Advanced Higher including Biology and Chemistry. AAAAB–AAAAA at Higher.
	GCSEs/Scottish Nationals	GCSEs in nine subjects. A score of 15 points from the nine including core and additional science (or Biology, Chemistry and Physics), English Language and Maths. In scoring system A*/A/9/8/7 = 2 points; B grade/6 = 1 point Minimum of Scottish National 5 (intermediate 2) in Biology, Chemistry, Physics, English Language, Maths and at least two other subjects attained by the end of S4.
	International Baccalaureate	36 points overall (at first sitting): Higher level a minimum of 6,6,6 to include Chemistry together with either Biology, Physics or Mathematics and a third academic subject. 5,5,5 at standard level (subjects not offered at HL).
	Personal statement	Personal statement will not be used in making the decision to invite to interview but is likely to be assessed at interview.
	Admissions test	UCAT for non-graduates, GAMSAT for graduates.

Interview	Interview method	On-line but format to be confirmed for 2022
	Work experience	If applying to our medical school you are advised, as a minimum, to read the 'statement on the core values and attributes needed to study medicine' and 'work experience guidelines for applicants to medicine'. In response to COVID-19 'Guidance on gaining relevant work experience to study medicine during the pandemic' has been created.

Widening participation	See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Liverpool School of Medicine.

University of Manchester School of Medicine
MB ChB Medicine (A106)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	Applicants with a 2:1 degree and A levels at BBB gained at the first attempt will be considered.
	Predicted A levels/Scottish Highers	AAA at A level including Chemistry or Biology/ Human Biology and one of Chemistry, Biology/ Human Biology, Physics, Psychology, Maths or Further Maths. AA at Advanced Higher by the end of Secondary 6. AAAA at Scottish Higher by the end of Secondary 5 to be achieved in the same sitting at first attempt.
	GCSEs/Scottish Nationals	We require at least seven GCSEs at grade A (7) or A* (8+). English Language, Mathematics and at least two science subjects are required at GCSE minimum grade B (6). If Dual Award Science or Core and Additional Science are offered, the minimum required is BB (66).
	International Baccalaureate	37 points with 7,6,6 at Higher level. If Maths and English Language are not offered as part of the Diploma, they should be offered at GCSE or IGCSE at grade B or above. Major subjects must include Chemistry or Biology, plus another science and one further subject at Higher Level.
	Personal statement	Personal statement not normally used. An electronic non-academic information form will be sent to candidates ahead of interview.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	We have made changes to our use of work experience as a result of the pandemic. Please see website for details.
Widening participation		We make some contextual offers automatically (normally AAB or ABB) for applicants who meet specific WP criteria and for those applicants enrolled on our WP programmes (e.g. MAP/PWAP). We also participate in the UKWPMED scheme. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Manchester School of Medicine.

Newcastle University Medical School

Application	Predicted A levels/Scottish Highers	A*AA–AAB at A Level to include Biology and one other science from Chemistry, Physics, Maths and Psychology. Please note the AAB offer is influenced by contextual data known at the point of application.
	GCSEs/Scottish Nationals	Seven GCSE passes at grades 9–4 (A–C) including English Language, Maths and either GCSE double award Science or two from single award Chemistry, Biology, or Physics.
	International Baccalaureate	36–38 points overall including 6 in Biology and one further science from Chemistry, Physics, Maths, and Psychology at the Higher Level.
	Personal statement	Not scored.
	Admissions test	UCAT (GAMSAT for graduates or more than five years since current qualifications were achieved).
Interview	Interview method	Multiple mini-interviews
	Work experience	No specific requirements.
Widening participation		The University of Plymouth are committed to Widening Access (WA) and ensuring that all students with the potential to succeed, regardless of their background, are encouraged to apply with us. The additional information gained through contextual data enables our Admissions Advisory Panel to recognise a student's achievements and identify their potential to succeed in the context of their background and experience. Contextual data is consulted when determining to issue an AAB offer. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Plymouth University Peninsula School of Medicine.

		Use in selection
Application	Degree qualifications (for graduate applicants)	Applicants with a 2:1 degree in a bioscience subject have no further A level requirements in Biology or Chemistry; if in science subject that does not contain these elements then minimum grade C in Biology or Chemistry is required; if in a non-science degree then minimum grade B in Biology or Chemistry is required plus one other science also at grade B.
	Predicted A levels/Scottish Highers	A*AA at A level including Chemistry or Biology and a second science subject (Chemistry, Biology, Physics or Maths). Any third A level can be taken except for Further Maths, General Studies or Critical Thinking. AAA in Scottish Highers, including Biology and Chemistry. Grades AA in Advanced Highers in two of the subjects offered at Scottish Highers, including Chemistry and/or Biology.
	GCSEs/Scottish Nationals	777666 (AAABBB for GSCEs taken before 2015) or above in any order to include Biology (or Human Biology), Chemistry, English Language, and Maths (or Additional Maths or Statistics).
	International Baccalaureate	38 points with a minimum of 6 points in the Higher level science subjects and 6 points in the third Higher level subject. Three subjects are required, including Chemistry or Biology and one other science or mathematical subject at Higher level, and three subjects at Standard level including Chemistry or Biology, if not offered at the Higher level.
	Personal statement	They are referred to at the interviews but not part of the initial assessment process.
	Admissions test	UCAT

Interview	Interview method	Panel Interviews
	Work experience	Interview panelists will ask about work experience and candidates will be expected to draw on their experiences to answer competency based questions.

Widening participation	Please refer to our Admissions Policy.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Barts and the London School of Medicine and Dentistry.

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	Full academic background is taken into account. The minimum A level threshold (or equivalent in other qualifications) is ABB at first attempt with 2.1 honours degree, or BBB for those with a First Class Honours degree or PhD.
	Predicted A levels/Scottish Highers	AAA at A level and A in a fourth AS level subject including Chemistry plus at least one other from Biology/Maths/Physics or A*AA at A level including Chemistry and Biology/ Human Biology or A*AA at A level including Chemistry and either Maths/Physics and AS level Biology grade B. Advanced Highers required varies from AA–AAA, Chemistry (Grade A) plus a grade A in at least one from Physics, Biology and Maths are required.
	GCSEs/Scottish Nationals	GCSE Mathematics minimum grade C/4 and either GCSE Physics minimum grade C/4 or GCSE Double Award Science minimum grades CC/44 are required if these subjects are not offered at AS-level or A-level.
	International Baccalaureate	36 points overall, including 6,6,6 at Higher level. Higher level Chemistry and Biology required. If Physics is not offered as part of the IB then a pass in GCSE Physics or Double Award Science, or equivalent, is required.
	Personal statement	Personal Statements are not scored as part of the selection process. There should be evidence of commitment and motivation in the personal statement and it should state explicitly that Medicine is their career choice.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	No specific requirements. Experience encouraged in healthcare-related environments and volunteering.
Widening participation		Applicants who have been educated at a secondary school in Northern Ireland to at least Year 12 will be short-listed on the basis of AS level grades (rather than GCSE performance) plus UCAT results and predicted A level performance.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Queen's University Belfast Medical School.

University of Sheffield Medical School
MB ChB Medicine (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	Applicants with a 2:1 degree in any subject and BBB at A level, including Chemistry or Biology taken in one sitting, will be considered.
	Predicted A levels/Scottish Highers	AAA at A level, including Chemistry or Biology, and another science (Biology, Chemistry, Maths, Physics, Psychology), taken in one sitting. Further Maths, Critical Thinking and General Studies are not accepted. AA at Advanced Higher including Chemistry or Biology and another science (Biology, Chemistry, Maths, Physics, Psychology). AAAAB at Scottish Higher.
	GCSEs/Scottish Nationals	77777 (AAAAA) at GCSE. Applicants must have a minimum of 6 (B) in English Language, Maths and Science. Resits are accepted (single resit per GCSE and all resits should be taken in the same sitting).
	International Baccalaureate	36 points overall with 6s in Higher Level subjects (to include Chemistry or Biology and another science subject) and no less than 4 in Standard Level subjects.
	Personal statement	Not read or scored. Interest in medicine, work experience /volunteering and outside interests are all explored at interview
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews
	Work experience	Interest in what applicants have learned from their work experience. In addition to shadowing a GP or other medical practitioner, there are many other areas related to medicine in which applicants can gain experience, such as care homes or community-based work experience. Clinical work experience is preferred but not required.

Widening participation	Schemes such as Discover Medicine and Realising Opportunities encourage applications from under-represented groups and those who have the ability to become good doctors but would not normally consider this as a serious option. Applications from candidates with different backgrounds and of all ages are encouraged. There are dedicated routes of entry, via UCAS, for students on specific courses at Sheffield Hallam University and the University of Bradford. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Sheffield Medical School.

University of Southampton Faculty of Medicine

Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Predicted A levels/Scottish Highers	AAA at A level including Biology and one other science and including a pass in the practical examinations.
	GCSEs/Scottish Nationals	All applicants must have a minimum of seven B grades (grade 6) at GCSE , including English language, Mathematics, Biology and Chemistry, Additional Science and Science, or Combined Science (or an equivalent standard in other qualifications approved by the University). Mature non-graduate applicants- Applicants must hold four GCSEs at grade C/4 or above, including English language,mathematics and either biology and chemistry, combined science, or science and additional science.
	International Baccalaureate	36 points, with 6,6,6 at Higher Level in three subjects, to include Biology and one other scinece subject.
	Personal statement	Selectors use the personal statement to inform interview questions related to the non-academic criteria if the applicant is invited to attend a Selection Day.
	Admissions test	UCAT

Interview	Interview method	Selection day
	Work experience	Completion of formal work experience or volunteering is not required. However, applicants are expected to demonstrate what they have learned from their experiences of interacting with people in health or social care settings (this may include work experience, paid employment and personal experiences both in and outside health and social care settings).

Widening participation	Contextual Offer AAB. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Southampton Faculty of Medicine.

University of St Andrews Medical School
MB ChB or MBBS Medicine (A100)
6 years (3 years at St Andrews and 3 years at a partner medical school)

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	Applicants with a 2:1 honours degree in a science subject, achieved in the last five years, will be considered with a B grade at A level or Advanced Higher Chemistry, and B grades GCSE or National 5 Biology, English and Maths.
	Predicted A levels/Scottish Highers/ Scottish Advanced Highers	Standard entry: AAAAB at Higher in S5 including Chemistry and one other of Biology, Maths or Physics, to be taken in the same sitting. In addition, grades BBB in Highers or Advanced Highers in S6 are required. Minimum entry: AAABB at Higher in S5 including Chemistry and one other of Biology (or Human Biology), Maths or Physics, to be taken in the same sitting. In addition, grades BB in Highers or Advanced Highers in S6 are required.
	GCSEs/Scottish Nationals	If Biology, Maths or English are not offered at A level or Higher/Advanced Higher then each must be offered at GCSE grade B (grade 5) or National 5 grade B. Generally five A grades (numerical grade 7) in GCSE are required at one sitting to be considered for interview.
	International Baccalaureate	38 points. At Higher level, grades 6,6,6 to include Chemistry and one other of Biology, Maths or Physics. At Standard level, grades 6,6,6 to include Maths, Biology, English if not offered at Higher level.
	Personal statement	Not scored but health-related work experience required for applicant to be considered for interview.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews
	Work experience	Applicants should have gained work or shadowing experience in a caring or health environment. This does not have to be in a hospital or GP surgery but could be in a nursing home or hospice or through working with people who have ill health or disability. During the Covid-19 pandemic, opportunities to gain work experience for first-time applicants to medicine have been affected and this will be taken into account.

Widening participation	Widening participation applicants may be considered with lower than standard grades. See website for explanation of academic and contextual requirements. St Andrews participates in the Reach scheme.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of St Andrews Medical School.

St George's, University of London
MBBS Medicine (A100)

Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (graduate applicants)	Undergraduate degree: 2:1 honours degree in any discipline
	Predicted A levels/Scottish Highers	AAA at A level including Chemistry and Biology. Please note, this is the minimum entry requirement, but you may receive an offer ranging between AAA – A*AA at A Level. AAA at Scottish Higher to include Chemistry and/or Biology. AA at Advanced higher including Chemistry and/or Biology. English Language at Standard Grade 2 or higher is required.
	GCSEs/Scottish Nationals	Five subjects graded 6 (B) or above including English Language, Maths, and Science (Double or Triple award).
	International Baccalaureate	36 points in an academic subject (including TOK and EE). 18 points at higher level including minimum grade 6 in Biology and Chemistry. Standard Level: a minimum score of 5 must be attained in Maths and English, if at least a B/6 grade has not previously been attained in GCSE level Maths and English.
	Personal statement	Not scored.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews
	Work experience	In response to the government's social distancing guidelines, which have a significant impact on all areas of life, we have chosen to relax our work experience requirements for prospective applicants for our courses which would normally require these. Despite the relaxed requirements, we still require our applicants to have an understanding of the realities of working as a healthcare professional and to show they have the necessary skills and attributes for their chosen career.

Widening participation	Our two Contextual Admissions Schemes; Contextual Offer and Contextual Consideration, are both open to undergraduate applicants. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: St George's, University of London.

University of Sunderland School of Medicine
MB ChB Medicine (A100)

	Home	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Degree qualifications (for graduate applicants)	Applicants with a 2:1 degree in any subject will be considered with BBB at A level including Biology or Chemistry plus another science. Graduates who hold a 2:1 degree who do not hold BBB in the required A levels can be considered but will need to have completed GAMSAT.
	Predicted A levels/Scottish Highers	AAA at A level, completed within two years and including Chemistry or Biology plus a second science subject. Only one subject from a combination of Maths or Further Maths or Statistics will be considered within the three A Levels. A Level grades must be achieved in one sitting.
	GCSEs/Scottish Nationals	A minimum of five full GCSEs at grade 7 (A), with a minimum of grade 6 (B) required in English Language, Maths, and double award science, triple award science or three separate sciences. AAAAA at Scottish National 5, with grade B in English Language, Maths, Biology, Chemistry and Physics.
	International Baccalaureate	35 points from six academic subjects, including Chemistry or Biology plus a second science at Higher Level. Grades of 6,6,6 at Higher Level and 6,6,5 at Standard Level usually required. No grades below 5 are accepted.
	Personal statement	Not assessed. Applicants are required to complete a post-application roles and responsibilities form.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews and numeracy test
	Work experience	Any work experience that showcases your communication and leadership skills. Attributes such as responsibility and motivation may be demonstrated through working with customers or clients requiring support, assistance or service.
Widening participation		A significant aim of the medical school is to enable applications from less advantaged socio-economic backgrounds and create doctors who are more representative of the population they serve. For students that meet criteria attending and completing the Medicine Summer School will guarantee you a Multiple Mini Interview (MMI), subject to meeting the GCSE, A Level and UCAT requirements. You will still be required to complete the Roles and Responsibilities form.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Sunderland School of Medicine.

University College London Medical School
MBBS BSc Medicine (A100)
6 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications (for graduate applicants)	Graduate applicants will need to be predicted or have achieved an upper second-class Honours (2.1) degree from a recognised UK university - science and non-science graduates are considered equally. Degrees awarded by universities outside the UK are not accepted.
	Predicted A levels/Scottish Highers	A*AA at A level including Biology and Chemistry. A1, A, A at Advanced Higher (or A1, A at Advanced Higher and AAA at Higher) including Chemistry and Biology at Advanced Higher.
	GCSEs/Scottish Nationals	English Language and Maths GCSEs are required at grade 6 (B).
	International Baccalaureate	39 total points. A total of 19 points in three higher level subjects including Biology and Chemistry, each with minimum score 6. No score below 5.
	Personal statement	Personal statements are read and priority scored using the following criteria: work experience, motivation to study medicine, evidence of team work, leadership and communication skills, independent learning skills and other interests. We encourage students to think reflectively about their skills and experiences, and how they have helped to prepare them for a career in medicine.
	Admissions test	BMAT

Interview	Interview method	Our interview process is currently under review. We anticipate using Multiple Mini Interviews for applicants in 2021-22.
	Work experience	We would recommend any experience that involves working with other people, building relevant skills or gaining insight into healthcare professions is helpful for your application. Your reflections on what you learnt from your work experience will be assessed via your personal statement, and may also be assessed at interview. Please also refer to the work experienceguidance provided by Medical Schools Council.

Widening participation	Eligible students who successfully complete the Access UCL scheme will receive a reduced offer of AAB at A Level (to include biology and chemistry at grade A). See website for details. Target Medicine is UCL Medical School's widening participation initiative. The programme includes a Mentoring Scheme, Summer School and Summer Challenge. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University College London Medical School.

University of Central Lancashire Medical School
MBBS Medicine (A100)
5 years

	Home	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Predicted A levels/Scottish Highers	AAB at A Level. At least two science subjects to include Chemistry and a third academic subject.
	GCSEs/Scottish Nationals	Evidence of sustained academic achievement with a broad study of Science, Maths and English up to 16 years of age.
	International Baccalaureate	Higher level 36 points overall (to include Chemistry, an additional science subject and one other subject at Higher Level) and 3 at Standard level, at a minimum of 5 points each.
	Personal statement	The personal statement, academic reference and transferable skills statement are used to shortlist applicants for interview.
	Admissions test	None
Interview	Interview method	Multiple mini-interviews
	Work experience	Applicants are asked to submit a transferable skills statement, which allows them to reflect on: work experience /shadowing/ voluntary work or experience in a caring role, impact and value of the work undertaken, the level of responsibility taken within this experience. The statement will be the focus for one of the stations in the multiple-mini Interview.
Widening participation		Weighting will be given to widening participation students who apply for UK places on the course. During the application process, all shortlisted applicants for UK places will be invited to complete a widening participation form if they wish to be considered against these criteria. Four regional UK scholarships offering full tuition fees and a maintenance grant are also available.
Additional information		Home applicants to MBBS at UCLan must be resident in the North West of England. The application deadline for international students can be found here. Home students must submit their UCAS application by 15 October.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Central Lancashire Medical School.

Graduate Entry Medicine

This is open to application from those who already have a bachelor's degree. Many universities accept a degree in any subject, but some require the previous degree to be science- or health-related. It is a four-year accelerated degree in most cases, but in some universities it is a five-year course. It is also known as the Graduate Entry Programme.

University of Birmingham Medical School
MB ChB Medicine and Surgery (A101)
4 years

Only open to applicants from the UK.

	Home	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Degree qualifications	2:1 in a life science subject. The degree result is scored and contributes to an application score. The other elements that are scored are indicated.
	A levels/Scottish Highers	School-leaving results are scored. One of Biology or Chemistry must be offered. If a school is classified as contextual based on our criteria, the threshold grades for each score band are adjusted.
	GCSEs/Scottish Nationals	English or Maths at grade 7 (A) is normally required.
	International Baccalaureate	Higher Level results are scored using an equivalency to A Level grades.
	Personal statement	Personal statement is not scored but should provide evidence of commitment to study medicine.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	At interview we will assess the values held by an applicant, their motivation towards a career in medicine and their understanding of the medical profession. Due to current pandemic restrictions, we will not require an applicant to draw upon face-to-face experiences.
Widening participation		When scoring an application contextual data is taken into account relating to secondary school performance. Care leavers will receive compensatory adjustments for both secondary school and degree results.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Birmingham Medical School.

University of Cambridge School of Clinical Medicine
MB BChir Medicine (A101)
4 years

Only open to applicants from the UK.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Degree qualifications	At least a 2.1 degree in any discipline.
	A levels/Scottish Highers	Academically competitive applicants will generally have at least AAA at A level or equivalent, including an A or A* at Chemistry (passed within seven years of entry), plus A level passes in two of the following: Physics, Biology, Maths.
	GCSEs/Scottish Nationals	No specific requirements.
	International Baccalaureate	Academically competitive applicants will generally have at least 36 points with 6,6,6 at Higher level including Chemistry and two of the following at Higher or Standard level: Physics, Biology, Maths. Those who do not hold these grades should be aware that their application will be in direct competition with those who do.
	Personal statement	Personal statement is reviewed prior to interview but not scored.
	Admissions test	None.

Interview	Interview method	Multiple mini-interviews
	Work experience	Medical/healthcare experience as a paid or volunteer worker in the private or public healthcare industry and the shadowing of medical professionals in hospital/GP practice. Varied and consistent hands-on patient care along with experience working within an NHS environment is favoured.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Cambridge, School of Clinical Medicine.

Cardiff University School of Medicine
Medicine: Graduate Entry MBBCh (A101/A102)
4 years

Only open to applicants applicants enrolled onto a feeder stream courses in Wales.

	Home/European Economic Area	International
Number of applicants per interview	–	N/A
Number of applicants per place	–	N/A

		Use in selection
Application	Degree qualifications	This is a specific four-year programme for applicants enrolled on one of our four Feeder Stream degree courses in Wales. Applicants must achieve at least a 2.1 Honours degree. See website for details.
	A levels/Scottish Highers	Applicants are required to achieve a 2:1 (upper second class) in first degree and BBB/ABC at A Level. A pass in the science practical is normally required.
	GCSEs/Scottish Nationals	9 GCSE's including GCSE Maths and English Language grade 6 (B), 66 (BB) in Double Science, or 66 (BB) in Biology and Chemistry.
	International Baccalaureate	Overall of 32 points excluding theory of knowledge and extended essay. Two science subjects from Chemistry, Biology, Physics and either Mathematics or Statistics, but not Mathematical Studies at HL, with 6 being achieved in either Chemistry or Biology. Chemistry or Biology must be offered at SL with score of 7, if not at HL. Physics must be offered at GCSE if not at HL or Subsidiary Level. If Maths and English Language are not offered within the diploma they should be offered as GCSE subjects with at least grade B.
	Personal statement	Evidence of: insight into a career in medicine, experience and reflection of personal responsibility, experience and reflection in a caring environment, a balanced approach to life, evidence of self-directed learning, a sense of social awareness; positive references.
	Admissions test	GAMSAT
Interview	Interview method	Multiple mini-interviews
	Work experience	The university recognises that opportunities for work experience will vary according to individual circumstances. Applicants are to showcase an appreciation of the length of the training programme and the career structure.

Widening participation	The Feeder Stream accelerated entry programmes have been developed as part of Cardiff University's commitment to widening access to medicine, enabling a small number of selected students within specific programmes to join the feeder stream, taking on additional modules and graduating from these programmes with a first or 2.1 honours degree, to enter the second year of the five-year A100 medical programme. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Cardiff University School of Medicine.

King's College London School of Medical Education
MBBS Medicine (A102)
4 years

Only open to applicants from the UK.

	Home/European Economic Area	International
Number of applicants per interview	–	–
Number of applicants per place	–	–

		Use in selection
Application	Degree qualifications	A minimum 2:1 (upper second class honours) undergraduate degree (or international equivalent) in a Biosciences subject.
	A levels/Scottish Highers	There are no specific A level requirements (except for nursing graduates).
	GCSEs/Scottish Nationals	There are no specific GCSE requirements.
	International Baccalaureate	There are no specific IB requirements.
	Personal statement	Personal statements are used as part of the interview shortlisting process.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	We would normally expect that applicants will have undertaken some voluntary work experience in a caring/health environment and/or observation in a medical clinical setting. It is important for applicants to have a realistic appreciation of what a career as a health professional involves.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: King's College London School of Medical Education.

University of Liverpool School of Medicine
MB ChB Medicine and Surgery (A101)
4 years WITHDRAWN FOR 2022 query for 23

Only open to applicants from the UK.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Degree qualifications	A minimum upper second class honours degree in a Biological, Biomedical, or Health Science subject. Dental graduates must already hold MJDF (Portfolio plus Part 1 and Part 2 exams). Dental graduates who hold a BDS degree from outside the EU will need ORE/LDS. BDS degrees will need to be registered with the General Dental Council.
	A levels/Scottish Highers	BBB at A level including Chemistry together with either Biology, Physics or Mathematics. AAAAA-AABBB Highers plus AB Advanced Highers. A in Biology and Chemistry.
	GCSEs/Scottish Nationals	English Language and Maths at a minimum of grade C/grade 4 equivalent.
	International Baccalaureate	32 points to include 3 subjects at higher level; at least 5 in both Higher level Chemistry and one other Higher Level science to include Biology, Maths or Physics.
	Personal statement	The personal statement will not be used in making the decision to invite to interview but will be assessed at interview.
	Admissions test	GAMSAT
Interview	Interview method	Yet to be confirmed for entry in 2022.
	Work experience	No specific work experience is stated but applicants must be able to demonstrate our non-academic criteria which will be assessed at interview.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Liverpool School of Medicine.

Number of applicants per place	–	–

		Use in selection
Application	Degree qualifications	Minimum 2.2 expected in previous degree in any subject. Students are able to apply during the final year of study and conditional offers are made if successful.
	A levels/Scottish Highers	Not scored.
	GCSEs/Scottish Nationals	Not scored.
	International Baccalaureate	Not scored.
	Personal statement	Personal statements are not scored, ranked or used to determine who is invited to interview. Personal statements are read routinely following the interview cycle.
	Admissions test	GAMSAT
Interview	Interview method	Multiple mini-interviews (held remotely during pandemic)
	Work experience	This is usually taken into consideration, however, it is acknowledged that candidates may not have been able to gain any work or volunteering experience during the pandemic.
Widening participation		Applications are accepted (and encouraged) and welcomed from a diverse range of students. Students who have studied a science or non-science degree are welcome to apply.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Nottingham Medical School.

University of Oxford Medical School
BM BCh Medicine (A101)
4 years

	Home/European Economic Area	International
Number of applicants per interview	–	–
Number of applicants per place	–	–

		Use in selection
Application	Degree qualifications	Previous degree in applied or experimental science, including Engineering. A 2.1 or above is expected.
	A levels/Scottish Highers	Passes at A-level of at least AAB with an A or A* in Chemistry (grade requirements apply if A-levels were taken within the last 5 years; applicants whose exams were taken more than 5 years prior to the year of application are not required to have AAB, although their grades will be assessed carefully at the shortlisting stage). Scottish applicants must have AAB with an A in Scottish Advanced Higher Chemistry if taken within last 5 years. Applicants with a degree in Chemistry or Biochemistry (2.1 or above) are exempt from this requirement. Applicants must also have one from Biology, Physics or Mathematics at Scottish Advanced Higher Level.
	GCSEs/Scottish Nationals	Applicants with a degree in a subject other than bioscience must have a qualification in biology at GCSE or equivalent level.
	International Baccalaureate	Applicants must have an overall score of 36 (including core points) and scores of 6 in subjects taken at Higher Level. Applicants are required to offer the following subjects at Higher Level: i) Chemistry (unless applicants have a degree in Chemistry or Biochemistry with a 2.1 or above) ii) At least one from Biology, Physics or Mathematics.
	Personal statement	Considered alongside other application materials including the course-specific online Oxford Application Form, UCAS application, and references.
	Admissions test	BMAT
Interview	Interview method	Panel interviews
	Work experience	All applicants must show evidence of their genuine commitment and personal suitability to medicine as demonstrated through any relevant work experience in a health or social care setting.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Oxford Medical School.

MBBS Medicine (A101)
4 years

	Home/European Economic Area	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications	Applicants may apply in the final year of their degree and must be predicted/achieved at least an upper second class honours degree (or equivalent) in any subject. Degrees are divided into three categories. • Bioscience degrees which contain sufficient Biology and Chemistry – no further A or AS level requirements. • For science degrees which lack Biology or Chemistry, candidates must have a minimum A or AS level grade C for Biology and/or Chemistry (depending on what is missing in the degree). • For non-science degrees, candidates must have a minimum B grade in A or AS level Chemistry or Biology, plus one other science also at grade B. Accepted science subjects are Biology, Chemistry, Physics, Maths, and Psychology. You may apply with achieved or predicted grades. Degrees must be completed in the natural length intended for the qualification (generally three years for Bachelors and four years for integrated Masters).
	A levels/Scottish Highers	Please see above, depending on degree.
	GCSEs/Scottish Nationals	Not scored.
	International Baccalaureate	Not scored.
	Personal statement	Personal statements are not given a score but will be assessed to see a genuine interest in medicine and outline any work experience undertaken.
	Admissions test	UCAT

Interview	Interview method	Assessment centre including a panel interview
	Work experience	Work experience is assessed as part of the shortlisting process but is not scored. Interview panelists will ask about work experience and candidates will be expected to draw on their experiences to answer competency based questions.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Barts and the London School of Medicine.

University of Sheffield Medical School
MB BCh Medicine (A101)
4 years

This degree is open to UK applicants who meet specific widening particpation.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Degree qualifications	An upper second class or first class Bachelor's degree in an appropriate life sciences subject. Master's degrees or doctoral degrees are not considered.
	A levels/Scottish Highers	BBB at A level, one of which must be Chemistry or Biology, taken in one sitting. Further Maths, Critical Thinking and General Studies are not accepted. AAAAB in Scottish Highers and BB in Advanced Level, including Chemistry or Biology. Resits are accepted (single resit per A level or Scottish Higher/ Advanced Higher) and all resits should be taken in the same sitting. Where a graduate applicant has BBB or better at A level but the pre-degree A levels do not include Chemistry or Biology, we will consider the application if the candidate has taken A level Chemistry or Biology after their Bachelor's degree and achieved (or is predicted to achieve) a grade B or higher.
	GCSEs/Scottish Nationals	Grade 4 (C) or higher at GCSE English Language. Applicants holding iGCSE English as a Second Language or Edexcel iGCSE English Language B are required to hold a grade B or higher.
	International Baccalaureate	32 points overall with 5s in Higher Level subjects (to include Chemistry or Biology) and no less than four in Standard Level subjects.
	Personal statement	Not read or scored. Interest in medicine, work experience/volunteering and outside interests are all explored at interview.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews
	Work experience	Interest in what applicants have learned from their work experience. In addition to shadowing a GP or other medical practitioner, there are many other areas related to medicine in which applicants can gain experience, such as care homes or community-based work experience.

Widening participation	This programme is only open to Home students who come from widening participation backgrounds. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Sheffield Medical School.

University of Southampton Faculty of Medicine
BMBS (BM4) Medicine (A101)
4 years

Only open to applicants from the UK.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Degree qualifications	2.1 achieved in previous degree in any subject.
	A levels/Scottish Highers	N/A
	GCSEs/Scottish Nationals	All applicants must have a minimum grade C (grade 4) in GCSE mathematics, English Language and either Chemistry and Biology, or Science and Additional Science, or Combined Science (or an equivalent standard in other qualifications approved by the University).
	International Baccalaureate	N/A
	Personal statement	Selectors use the personal statement to inform interview questions related to the non-academic criteria if the applicant is invited to attend a Selection Day.
	Admissions test	UCAT

Interview	Interview method	Selection day
	Work experience	Completion of formal work experience or volunteering is not required. However, applicants are expected to demonstrate what they have learned from their experiences of interacting with people in health or social care settings (this may include work experience, paid employment and personal experiences both in and outside health and social care settings).

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Southampton Faculty of Medicine.

ScotGEM (University of Dundee and University of St Andrews)
MB ChB Medicine (A101) 4 years

Only open to applicants from the UK.

	Home/European Economic Area	International
Number of applicants per interview	–	N/A
Number of applicants per place	–	N/A

		Use in selection
Application	Degree qualifications	2.1 or first class honours degree (or equivalent), achieved or predicted. Applicants will not be considered if their first degree does not meet this requirement, even if they subsequently gain further degrees (Bachelor's, Master's or PhD). Honours degrees in any discipline will be accepted. Applicants who are on, or have been on, a medical degree course will not be considered, including any intercalating degree.
	A levels/Scottish Highers	Grade B or above in Chemistry at A level or Scottish Higher.
	GCSEs/Scottish Nationals	GCSE Maths at grade B or above; or Standard Grade credit 1 or 2; or Intermediate 2 grade A or B; or National 5 grade B or above.
	International Baccalaureate	Higher Level Chemistry grade 5 or above and Standard Level Maths grade 5.
	Personal statement	Not scored but health-related work experience required. Applicants also required to fill out online questionnaire with more details of relevant experience.
	Admissions test	GAMSAT
Interview	Interview method	Multiple mini-interviews
	Work experience	Work experience should be achieved in a health situation with people who may be ill, disabled, elderly or by shadowing a doctor at work. The main aim of work experience is to gain insight into health and healthcare delivery and to allow candidates to make an informed choice before deciding to apply to study medicine. Medically related work experience is not scored but instead forms part of the discussions at interview. During the Covid-19 pandemic, opportunities to gain work experience for first-time applicants to medicine have been affected and this will be taken into account.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: ScotGEM. This course is run as a partnership between the universities of Dundee and St Andrews.

St George's, University of London
MBBS Medicine (A101)
4 years

Only open to applicants from the UK.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Degree qualifications	Minimum 2:1 honours degree in any subject OR a postgraduate degree (any discipline) at a pass or above.
	A levels/Scottish Highers	Not scored.
	GCSEs/Scottish Nationals	Not scored.
	International Baccalaureate	Not scored.
	Personal statement	Not scored.
	Admissions test	GAMSAT

Interview	Interview method	Multiple mini-interviews
	Work experience	In response to the government's social distancing guidelines, which have a significant impact on all areas of life, we have chosen to relax our work experience requirements for prospective applicants for our courses which would normally require these. Despite the relaxed requirements, we still require our applicants to have an understanding of the realities of working as a healthcare professional and to show they have the necessary skills and attributes for their chosen career. Online resources can give you valuable insight into working in the healthcare sector and outline the wide range of careers and courses available. You can find a number of suggested resources for each of our courses on our website.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: St George's, University of London.

Swansea University Medical School
MB BCh Medicine (A101)
4 years

	Home/European Economic Area	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications	Minimum 2.1 in previous degree in any subject or either a merit in an integrated undergraduate master's degree or 2.2 in previous degree if also attained a postgraduate master's or PhD.
	A levels/Scottish Highers	Not scored.
	GCSEs/Scottish Nationals	English and Maths at grade C or equivalent.
	International Baccalaureate	Not scored.
	Personal statement	Not scored but discussed at interview.
	Admissions test	GAMSAT
Interview	Interview method	Thirty-minute written test and two twenty-minute panel interviews.
	Work experience	Emphasis on quality of reflection and what has been learnt rather than amount of experience. Explored at interview.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Swansea University Medical School.

Ulster Univeristy Medical School
MBBS Medicine (A101)
4 years

	Home/European Economic Area	International
Number of applicants per interview	–	–
Number of applicants per place	–	–

		Use in selection
Application	Degree qualifications	Applicants must have a minimum of a 2:1 Honours degree in any discipline. If you do not have a 2:1 but have a Masters Degree, with an overall pass of at least 60%, you are still eligible to apply.
	A levels/Scottish Highers	Not scored - we currently focus on degree results, however, we are in the process of reviewing our admission policy.
	GCSEs/Scottish Nationals	GCSE Profile to include English Language at grade C or equivalent.
	International Baccalaureate	Not scored.
	Personal statement	Not scored, however, we are reviewing this and our admission policy.
	Admissions test	GAMSAT
Interview	Interview method	Multiple mini-interviews
	Work experience	Work experience is not essential, however, we will expect applicants to demonstrate a broad awareness of the scope and challenges of a career in medicine.
Widening participation		See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Ulster University Medical School.

University of Warwick Medical School
MB ChB Medicine (A101)
4 years

	Home/European Economic Area	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Degree qualifications	Minimum of 2.1 achieved in any subject.
	A levels/Scottish Highers	Not scored.
	GCSEs/Scottish Nationals	Not scored.
	International Baccalaureate	Not scored.
	Personal statement	Not scored.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews
	Work experience	A minimum of 70 hours of work experience across the four years up until the application deadline is required. Applicants must have undertaken at least two different experiences with no single experience counting for more that 50 hours against the minimum of 70 hours. Experiences must be with patients or people with healthcare needs. At least one experience needs to be hands on. Shadowing in a clinical setting is acceptable, but can only count for 20 hours against the minimum of 70 hours. All applicants will be required to provide details of their work experience placements via an online portal, which includes providing official verification of the placements normally in the form of a reference or letter from a suitable lead or manager directly related to the work experience.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Warwick Medical School.

Medicine with a Preliminary Year

This course takes the form of either a five-year Standard Entry Medicine with an additional year at the start, making a six-year course, or sometimes the preliminary year is taken as a standalone one-year course.

This course is designed for those who achieved highly at A level, or equivalent, but who did not take the required science subjects. This extra year gives students the necessary science training to catch up. It is not a means of boosting the grades of those who do not meet the entry requirements of Standard Entry Medicine.

University of Manchester Medical School
MB ChB Medicine (A104)
6 years

	Home/European Economic Area	International
Number of applicants per interview	–	–
Number of applicants per place	–	–

		Use in selection
Application	Degree qualifications (for graduate applicants)	A minimum of an upper second (2:1) honours degree and should have achieved a minimum of BBB at A-level (32 in IB) in your first sitting.
	Predicted A levels/Scottish Highers	AAA in either three arts/humanities subjects or two arts/humanities subjects and one science subject. Four Highers at grades AAAA by the end of Secondary 5. Grades should be achieved in the same sitting at first attempt. At least two Advanced Highers at grades AA are required, attained by the end of Secondary 6.
	GCSEs/Scottish Nationals	At least seven GCSEs at grade A (7) or A* (8+). English Language, Maths and at least two science subjects are required at GCSE minimum grade B. If Dual Award Science or Core and Additional Science are offered, the minimum required is BB.
	International Baccalaureate	36 points are required overall to include core points with at least 6,6,6 at Higher level. If Maths and English Language are not offered as part of the Diploma, they should be offered at GCSE or IGCSE at grade B or above. Higher level subjects should include either three arts/humanities subjects or two arts/humanities subjects and one science subject.
	Personal statement	Personal statement no longer used in assessment. Electronic non-academic information form is used instead.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	We have made changes to our use of work experience as a result of the pandemic. Please see website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Manchester Medical School.

Medicine with a Gateway Year

These medical degrees are designed for those who are of high ability but who may be coming from situations where they have had barriers to their learning.

The courses can take this into account in different ways, for instance by using 'adjusted criteria' to change the entry requirements for applicants from low-participation areas.

University of Aberdeen Medical School
Gateway2Medicine (A1A1)
1 year (allows application to MBChB)

Only open to Scottish domiciled applicants only who fulfil eligibility criteria.

	Home/European Economic Area	International
Number of applicants per interview	–	N/A
Number of applicants per place	–	N/A

		Use in selection
Application	Scottish Highers	A minimum of four Highers at AABB over one or two sittings include two sciences. National Certificate Level 6 Applied Sciences Group award, to be achieved with 18 credits plus a science Higher at grade A achieved over one academic session and accompanied by a reference from course tutor.
	Scottish Nationals	English and Maths at grade B and a combination of grades A and B passes, especially in science.
	Personal statement	Personal statements are reviewed prior to interview but not scored. May be assessed at interview.
	Admissions test	UCAT is not used for selection to G2M but applicants can sit prior to start or at the end of course. UCAT is required for application to A100
Interview	Interview method	Multiple-mini interviews.
	Work experience	Applicants are expected to have taken steps to gain an understanding of medicine as a career and their suitability for that career. Students will complete a credit bearing work experience module as part of the course.
Widening participation		This is a widening participation programme. To see the full eligibility criteria, see the website.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Aberdeen Medical School.

University of Bristol Medical School
MB ChB Gateway to Medicine (A108)
6 years

Only open to UK applicants who meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	A levels BBC with B in either Chemistry or Biology. Applicants with predicted or achieved grades of AAB or above, or with A in Chemistry, are not eligible for this course. Advanced Higher: BB including Biology or Chemistry, and Standard Level: BBBBC. Applicants with achieved or predicted Advanced Higher grades of AA, or with Chemistry at A grade, are not eligible for this course.
	GCSEs/Scottish Nationals	4 (C) in GCSE Maths or equivalent and 4 (C) in GCSE English or equivalent.
	International Baccalaureate	29 overall including 5 at Higher Level in Biology or Chemistry. Applicants with predicted or achieved grades of 33 overall including 16 at Higher Level, or with Chemistry at 6 are not eligible for this course.
	BTEC offer	DMM in Applied Sciences, Medical Sciences or Health and Social Care (Science pathway). Applicants who are taking BTEC plus A-level Chemistry are not eligible for this course.
	Personal statement	Personal statement is not scored.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	All applicants should have some practical work experience in their chosen career field in order to show their commitment to the course and career, and as a basis for questions at interview. This does not necessarily have to include clinical experience (ie. hospital, GP or animal clinic based) and can include work placements undertaken as part of a relevant course or as independent voluntary work. There is no minimum number of hours or weeks required, although a minimum of at least five days is recommended.
Widening participation		Please note that the Gateway programme is a University of Bristol widening participation initiative open to applicants from specific state schools and colleges in England and Wales, Northern Ireland and Scotland only. Students must fulfil a variety of widening participation criteria. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Bristol Medical School.

University of Bradford
Foundation in Clinical Sciences/Medicine (B991)
1 year (allows application to Sheffield MBChB)

Only open to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	–	N/A
Number of applicants per place	–	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	BCC to include at least two A levels minimum grade C. No more than 12 points from Key Skills or any other scheme can count towards the total UCAS tariff points.
	GCSEs/Scottish Nationals	GCSE English, Maths, Biology and Chemistry (or Dual Award Science) at grade 4 (C).
	International Baccalaureate	104 UCAS tariff points to include 2 HL subjects at grade 5 plus HL 3 or SL 4 in Maths and English Language and Literature A or English B.
	Personal statement	Required as part of UCAS application.
	Admissions test	N/A
Interview	Interview method	As part of the selection process, shortlisted candidates are invited to a Selection day prior to making offers.
	Work experience	–

Widening participation	Entry onto the Clinical Sciences course, either directly or via a foundation year, allows students a unique and exciting opportunity to study science and health studies, and which can lead to a career in medicine, the healthcare sciences and other healthcare professions. This collaborative course provides an opportunity for widening participation students to enter the MBChB programme at Sheffield Medical School. Students must achieve an average for the year of at least 70%, (including 70% in Chemistry in the Foundation year) and no failed assessments. They must also meet the Sheffield UCAT threshold and meet at least two of the widening participation criteria. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Bradford.

University of Dundee School of Medicine
MB ChB Gateway to Medicine (A104)
6 years

Only open to applicants from the UK.

	Home/European Economic Area	International
Number of applicants per interview	–	N/A
Number of applicants per place	–	N/A

		Use in selection
Application	Degree qualifications (for graduate applicants)	A minimum of an upper second class honours degree in a non-science subject is required to allow consideration.
	Predicted A levels/Scottish Highers	**Widening Access applicants** BBC at A-Level (A2), to include chemistry and another science subject. ABBB / BBBBB grades at Higher, to include chemistry and another science subject. The other three Highers can be your own choice and this will not influence assessment. **Applicants with a non-science background** AAA grades at A level (A2), to include no more than one science subject excluding chemistry. AAAAB grades at Higher, to include no more than one science subject, excluding chemistry.
	GCSEs/Scottish Nationals	Previous achievement will be taken into account.
	International Baccalaureate	Only accepted for non-science applicants. 37 points, to include 6,6,6 at Higher level. Subjects at Higher level should include no more than one science and exclude Chemistry. Plus three subjects at Standard Level with an average of grade 6.
	Personal statement	It is discussed at interview but is not scored or ranked or taken into consideratoin for interview selection.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews
	Work experience	It is discussed at the interview stage.

Widening participation	See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Dundee School of Medicine.

Edge Hill University Medical School
Foundation Year for Medicine (A110)
1 year (allows direct progression to MBChB)

Only open to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	To be eligible to apply applicants must have lived in the North West of England and have attended a non-selective state secondary school for GCSEs, where the Attainment 8 score is below the national average. Grades BBB at A level are required. These must include Biology and Chemistry and one other subject. While Biology and Chemistry are both required at grade B or above, where grade A or A* is achieved in either Biology or Chemistry (or both Biology and Chemistry), the third A level subject will be accepted at grade C or above.
	GCSEs/Scottish Nationals	At least five GCSEs at grade B or grade 6 or above (or equivalent) are required at the time of application, including Biology, Chemistry, English Language and Maths. GCSE Double Science Awards, at grades 6,6 or BB or above, will also be accepted in lieu of separate GCSEs in Biology and Chemistry.
	International Baccalaureate	32 points to include Chemistry and Biology at Higher Level and one other subject at Higher Level and three standard level subjects. Each subject must be passed with a minimum of 5 points.
	Personal statement	The personal statement and reference will be used to distinguish between borderline applicants.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	No specific work experience is required, but students are asked to draw on personal experience as part of the Multiple Mini Interviews (MMIs). This could include work experience.
Widening participation		The MBChB Medicine with Foundation Year is a widening participation initiative for local students. To be eligible to apply applicants must live in the North West of England and have attended a non-selective state secondary school for GCSEs, where the Attainment 8 score is below the national average. In addition, applicants must meet aspects of our specified criteria. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Edge Hill University Medical School.

University of East Anglia, Norwich Medical School
MBBS Medicine (A104)
6 years

Only open to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	A Level BBB or ABC in any subjects, excluding General Studies and Critical Thinking. All science A levels must include a pass in the practical element. Scottish Advanced Highers: CCC
	GCSEs/Scottish Nationals	Six GCSEs at grade B/6 or above, including English Language, Mathematics and either a single science subject (Biology, Chemistry or Physics) or double science.
	International Baccalaureate	32 overall including 3 subjects at Higher level 5 in any subject.
	Personal statement	The personal statement is considered alongside the application but is not scored.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	Candidates must evidence two forms of work experience which have informed their decision to study medicine.
Widening participation		This course is a 'Widening Access' programme for students who are in the 13th year of education or left school no more than three years prior to the course start date. Applicants must have completed their GCSE and Level 3 qualifications in the UK. It is designed for students whose circumstances or educational opportunities have prevented them from realising their academic potential. See website for criteria and details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Norwich Medical School.

University of Glasgow School of Medicine
Glasgow Access Programme (GAP) (A900)
1 year (allows direct progression to MBChB)

Only open to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	Minimum of Scottish Higher of AABB* (allowance may be given for individual circumstances) or equivalent from S5 (with preference given to those with Higher Chemistry and Biology and one from Physics or Maths). Candidates in S6 will be expected to pass all courses undertaken in their S6 programme of study, with a minimum of grade C in Advanced Highers, and would be required as a condition within any offer. Please note that the programme is aimed primarily at S6 students, although individual consideration can be allowed for S5 in exceptional circumstances only - please get in touch to check these before you apply.
	GCSEs/Scottish Nationals	–
	Personal statement	Not used as a selection tool.
	Admissions test	None
Interview	Interview method	Panel Interview
	Work experience	There is no mandatory requirement for medical work experience, but candidates must have a sound understanding or the role and responsibilities of medical professionals.
Widening participation		As the programme is funded by the Scottish government as part of the national widening participation directive, candidates are required to be identified within one of the following categories: Applicant is resident in an area with a postcode which falls within the lowest 20% of the Scottish index of multiple deprivation (SIMD0-20). Applicant is a young person who is care experienced (young person in care/ care leaver). Applicant has completed the Reach Programme as a participant in the Remote and Rural Island Cluster. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Glasgow School of Medicine.

Hull York Medical School
Medicine with a Gateway Year (A101)
6 years

Open only to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	BBC at A level (with B in Biology and Chemistry). Maximum predicted grades: ABB. Scottish Highers – please contact the medical school. BTEC: Distinction-Distinction-Distinction (DDD) in the BTEC Extended National Diploma in Applied Science (Biomedical Science)
	GCSEs/Scottish Nationals	Five GCSEs at grades 9–4 (A*–C) or equivalent, and including English Language and Maths. Resits are accepted.
	International Baccalaureate	29 points with 14 at Higher Level to include Biology and Chemistry at 5.
	Personal statement	Screened but not scored; may be used in borderline decisions.
	Admissions test	UCAT

Interview	Interview method	Multiple mini-interviews
	Work experience	No prescribed experience required but applicants should try to obtain a realistic understanding of the demands of medical training and practice Applicants are expected to draw upon their work experience within the Multiple Mini Interview process.

Widening participation	The programme is a Widening Participation initiative. Applicants must fulfil one of the following two Widening Participation requirements: 1) You are a Care Leaver or 2) You fulfil 2 out of 3 of the following contextual data criteria: • Your home postcode is in an area of low participation (POLAR quintile 1 or 2) • None of your parents have any higher education qualifications, such as a degree, diploma or certificate of higher education. • You applied for and received the UCAT Bursary Although applications from anywhere in the UK will be accepted, we will prioritise those from the Hull York Medical School area at all stages of the application process. For full details on criteria, please see the website.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Hull York Medical School

Keele University Medical School
MBChB Medicine with Health Foundation Year (A104)
6 years

Open only to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	A-Level BBC to include Chemistry or Biology. BTEC Extended Diploma (applied science, health & social care, sport & exercise science) DDM. Scottish Highers BBBBB; Advanced Highers BB to include Biology or Chemistry.
	GCSEs/Scottish Nationals	Minimum of five grades at 6/B, including sciences (combined; Biology, Chemistry and Physics; IGCSE co-ordinated). Single-award science (e.g. IGCSE combined) or applied science not accepted. Minimum of 5/C in English Language and Maths.
	International Baccalaureate	Please enquire if eligible.
	Personal statement	The UCAS personal statement may be referred to in one multiple mini-interview (MMI) station.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews (If Covid-19 restrictions continue to prevent travel or require social distancing, online interviews may replace MMIs).
	Work experience	Applicants must complete a roles & responsibilities (R+R) form, which should include details of experiences involving direct engagement with people in one or more caring, assitive or supportive role(s).

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Keele University School of Medicine

King's College London School of Medical Education
MBBS Extended Medical Degree Programme (A101)
6 years

Only open to applicants from the UK.

	Home/European Economic Area	International
Number of applicants per interview	–	N/A
Number of applicants per place	–	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	ABB, including Biology & Chemistry, one of which must be offered at A grade. For linear A levels in England, applicants will be required to pass the practical endorsement in all science subjects.
	GCSEs/Scottish Nationals	Grade 6 (B) in both English language and Maths required.
	International Baccalaureate	35 points including 6,5,5 at Higher Level with 6 in either Higher Level Biology or Higher Level Chemistry and 5 at Higher Level in the other. Grade 5 at Standard Level is required in both English language and Maths, if not offered at GCSE. Note the total point score of 35 includes TOK/EE.
	Personal statement	Personal statements are used as part of the interview shortlisting process. We are not able to consider applicants whose personal statements are not focused on Medicine.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	We would normally expect that you will have undertaken some work experience in a caring environment. If this is not possible, we look for evidence that you have worked in a setting where you can interact with the general public, e.g. in a pharmacy, check-out or restaurant.
Widening participation		This programme has specific WP eligibility criteria. This can be subject to change and therefore please refer to the course page of our website for the most up-to-date requirements. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: King's College London School of Medical Education.

Lancaster University Medical School
Medicine with a Gateway Year (A104)
6 Years

Open only to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Predicted A levels/Scottish Highers	ABB in three subjects taken at one sitting, after two years of study, including Biology and Chemistry. Highers: AABBB in 5 subjects, including Maths, English, Biology and Chemistry plus Advanced Highers: BB in Biology and Chemistry.
	GCSEs/Scottish Nationals	GCSEs must include the following subjects at grade B/6: Core and Additional Science (or Biology, Chemistry, and Physics), English Language, and Mathematics.
	International Baccalaureate	32 points overall with at least 655 in three Higher Level subjects including Biology and Chemistry and 5 in three Standard Level subjects.
	Personal statement	The personal statement is not used as a stand alone part of our selection process but may be used as part of the interview.
	Admissions test	BMAT
Interview	Interview method	Multiple mini-interviews
	Work experience	Applicants should be prepared to discuss their work experience at interview. Insight is more important than the specific work and voluntary experience undertaken. Placements in hospices, nursing and residential homes etc, where there is interaction with vulnerable people, is just as valuable as shadowing doctors. After interview, we aim to verify work and voluntary experiences discussed in the applicant's personal statement.
Widening participation		Lancaster Medical School run a range of activities to help widening participation students prepare to apply. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Lancaster University Medical School.

University of Leeds Medical School
Gateway Year to Medicine MBChB (A101)
6 Years

Open only to applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	3	N/A
Number of applicants per place	6	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	BBC at A level including Chemistry or Biology at grade B. Physics or Maths must also be offered if Chemistry is not taken. Applicants with achieved or predicted A levels of ABB or greater are not eligible for this course. Scottish Highers: Typical offer BBBBC at Standard level and BB at Advanced Higher, including B in Chemistry or Biology. Applicants with achieved or predicted Advanced Higher grades of AA are not eligible for this course.
	GCSEs/Scottish Nationals	Six subjects at minimum grade 4 (C) including English Language, Maths, Double/Additional Science or Chemistry and Biology.
	International Baccalaureate	29 overall including 5 at Higher Level in Chemistry or Biology. Applicants with predicted or achieved grades of 33 overall including 16 at Higher Level are not eligible for this course.
	Personal statement	Not formally scored, but it is essential that applicants take this opportunity to demonstrate their motivation and enthusiasm to study.
	Admissions test	BMAT
Interview	Interview method	Multiple mini-interviews
	Work experience	Experience in a healthcare setting, though this definition is broad.
Widening participation		All applicants will be sent an online form to indicate their Widening Participation criteria once their UCAS application has been received.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Leeds Medical School.

University of Leicester Medical School
Medicine with a Foundation Year (A199)
6 years

Only open to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	BBB including Chemistry or Biology and one other science from Chemistry, Biology Psychology or Physics and not including General Studies, Critical Thinking or Citizenship Studies. We will consider applicants with predicted or obtained ABC provided the grade C is in the third subject. DDD in Extended National Diploma in Applied Science. BBB at Advanced Higher including Chemistry or Biology and one of Biology, Chemistry, Physics or Psychology.
	GCSEs/Scottish Nationals	GCSE grade 5 (C) in English Language, Maths and two sciences, including Chemistry, or Double Science. Scottish Nationals grade C in English Language, Maths, and two sciences, including Chemistry.
	International Baccalaureate	30 points overall, including three Higher Level subjects at 5,5,5 or 6,5,4 (including Chemistry and Biology), and three Standard Level subjects.
	Personal statement	Not routinely read or scored except in a tie-breaker situation.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	Healthcare-related work experience is not required but applicants, particularly those who are borderline, must showcase reflection in whatever type of work they have encountered (voluntary, paid work in retail, catering, health or social care).
Widening participation		There are a number of widening participation criteria that must be met to be eligible for this programme. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Leicester Medical School.

Lincoln Medical School
BMBS Medicine with a Foundation Year
University of Nottingham Lincoln Pathway (A18L) 6 years

Only open to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	**We do not use predicted A level grades and do not score A levels, AS levels, or equivalent as part of our selection process. However, any offers made will be conditional on meeting the A level requirements.** A level: BBC: must include Biology (or Human Biology) and Chemistry. A pass is required in science practical tests, where these are assessed separately. BB in Biology and Chemistry at Advanced Highers, and BBBBB achieved at Highers, including biology and chemistry, Maths and English language
	GCSEs/Scottish Nationals	Five GCSEs at Grade 6 (B). You must study biology, chemistry and physics as either individual subjects, triple science or double science. You must also study English language and Maths.
	International Baccalaureate	28 (5, 5, 5 at Higher Level including Biology and Chemistry, excluding core component) GCSEs as above (or equivalent). We will accept either of the maths qualifications for the IB at standard level (SL) or higher level (HL).
	Personal statement	We read but do not score the personal statement.
	Admissions test	UCAT
Interview	Interview method	Multiple mini-interviews
	Work experience	Work experience not expected from March 2020 due to Covid-19 pandemic.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Lincoln Medical School.

University of Liverpool School of Medicine Foundation to Health and Veterinary Studies Year 0 1 year (789S) allows application to MBChB

Only open to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	–	N/A
Number of applicants per place	–	N/A

		Use in selection
Application	Degree qualifications (for graduate applicants)	This programme is designed for mature students who have typically been out of formal education for some time or who have taken non-traditional qualifications. If any applicant does offer a degree we would expect a minimum of 2.1 honours degree.
	A levels/Scottish Highers	This programme is designed for mature students who have typically been out of formal education for some time or who have taken non-traditional qualifications. Please note that we will not usually consider A level students who have sat the appropriate science subjects to be considered for direct entry to the A100 medicine programme or school leavers. However, consideration may be given to candidates who studied some time ago and are re-entering education.
	GCSEs/Scottish Nationals	Five GCSE subjects at grade 6 (B) including Maths, English Language and either Biology, Chemistry or Physics, Core and additional Science or Dual Science Award.
	International Baccalaureate	Applicants currently studying for International Baccalaureate will not be considered.
	Personal statement	Part of the decision making process for offering an interview.
	Admissions test	None
Interview	Interview method	Semi-structured panel interviews
	Work experience	No specific work experience is stated but applicants must be able to demonstrate our non-academic criteria which will be assessed at interview.

Widening participation	The programme is designed for individuals who have been out of formal education for some time and who wish to take up further academic study. The minimum entry criteria is five GCSEs at B grade. Please note that the deadline for application is 15 January.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Liverpool School of Medicine.

University of Nottingham
BMedSci and BMBS Medicine with a Foundation Year (A108) 6 years

Only open to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	**We do not use predicted A level grades and do not score A levels, AS levels, or equivalent as part of our selection process. However, any offers made will be conditional on meeting the A level requirements:** BBC at A level including B grades in Chemistry and Biology (or human biology), with a pass in practical assessments. Excluded subjects are general studies, critical thinking, global perspectives and citizenship studies. BB in Biology and Chemistry at Advanced Highers, and BBBBB achieved at Highers, including biology and chemistry, Maths and English language
	GCSEs/Scottish Nationals	At least five GCSEs at grade 6 (B), to include Biology, Chemistry, and Physics (or science double or triple award); English Language and Maths. Applied science is not accepted. At least 5 grades in Scottish National 5 qualifications including the sciences, Maths and English language.
	International Baccalaureate	28 points overall excluding core component with 5,5,5 at Higher Level including Biology and Chemistry. English language is required at either Standard Level (grade 6) or Higher Level (grade 5).
	Personal statement	We do not score the personal statement but it will be assessed alongside the School reference after interview and before offers are made.
	Admissions test	UCAT

	Interview method	Multiple mini-interviews (held online during the pandemic)
	Work experience	Work experience not expected form March 2020 due to Covid-19 pandemic.

Widening participation	Students who have spent more than 3 months in care OR Students who are attending a state school at the time of application AND meet any one of the following criteria: 1. Have successfully completed a specified sustained widening participation scheme* 2) Live in a low participation neighbourhood and disadvantaged area at the time of application (see Postcode checker) 3. Are refugees at the time of application *This includes Sutton Trust, UNIQ, Realising Opportunities or Nottingham Potential

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Nottingham Medical School.

Plymouth University Peninsula Medical School
BMBS Medicine with a Foundation Year (A102)
6 years

	Home/European Economic Area	International
Number of applicants per interview	-	-
Number of applicants per place	-	-

		Use in selection
Application	Predicted A levels/Scottish Highers	BBB at A level to include Biology. Applicants for this course must not meet the A level and GCSE grade requirements for the five-year BMBS Medicine (A100) course.
	GCSEs/Scottish Nationals	Five GCSE passes at grades A-C/9-4 which must include English language, Maths and either GCSE double award Science or two from single award Biology, Chemistry, or Physics. Scottish Nationals are considered in lieu of GCSE.
	International Baccalaureate	32–28 minimum including five at higher level in Biology and one other science from Chemistry, Physics, Psychology and Maths.
	Personal statement	The personal statement is not scored but may be referred to seek contextual marker evidence.
	Admissions test	None
Interview	Interview method	Multiple mini-interviews
	Work experience	No specific requirements.
Widening participation		Peninsula Pathways Programme offering a range of preparatory activities including UCAT practice sessions, mock interviews, reflective writing exercises, week long work experience programmes as a medical student, and many more interactive sessions to inspire, encourage and support those considering medicine. See website for details. All applicants, in addition to meeting or exceeding the published academic criteria above will need to meet a minimum of four contextual indicators. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Plymouth University Peninsula School of Medicine.

University of Southampton Faculty of Medicine
BMBS, BMedSc (BM6) Medicine with Year 0 (A102)
6 years

Only open to UK pplicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	-	N/A
Number of applicants per place	-	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	All applicants must have a minimum of BBB, including Biology and one additional science (with a pass in the practical element where it is separately endorsed). Acceptable additional science subjects are Chemistry, Physics, Psychology, Sociology, Environmental Studies or Geography.
	GCSEs/Scottish Nationals	A minimum of five GCSEs at grades C (grade 4) or above, including English language, Mathematics, and either Biology and Chemistry, Additional Science and Science, or Combined Science (or an equivalent standard in other qualifications approved by the University).
	International Baccalaureate	30 points, with 5,5,5 at Higher Level in three subjects, to include Biology and an additional science subject. Acceptable additional science subjects are Chemistry, Physics, Psychology, Sociology, Environmental Studies or Geography.
	Personal statement	Applicants are asked to answer further questions as part of the selection process (see website for details). Answers are scored with the highest scoring candidates being invited to attend a selection day. Selectors use the personal statement to inform interview questions related to the non-academic criteria if the applicant is invited to attend a Selection Day.
	Admissions test	UCAT
Interview	Interview method	Selection day
	Work experience	Completion of formal work experience or volunteering is not required. However, applicants are expected to demonstrate what they have learned from their life experiences (this may include work experience, paid employment and personal experiences both in and outside health and social care settings).
Widening participation		You must satisfy three of the eligibility criteria in order to be eligible for the BM6 programme, and you will be expected to provide documentary proof. See website for details.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of Southampton Faculty of Medicine.

University of St Andrews Medical School
Gateway to Medicine
1 year (allows direct progression onto A100 Medicine programme)

Only open to UK applicants that meet specific widening participation criteria.

	Home/European Economic Area	International
Number of applicants per interview	–	N/A
Number of applicants per place	–	N/A

		Use in selection
Application	Predicted A levels/Scottish Highers	BBBB at Scottish Higher in S5 at one sitting to include Chemistry and one of Biology, Maths or Physics.
	GCSEs/Scottish Nationals	If Biology, Maths or English are not offered at Higher then each must be offered at National 5 grade B.
	International Baccalaureate	N/A
	Personal statement	Applicants must demonstrate a clear interest and commitment to pursuing a career in medicine.
	Admissions test	UCAT - this must be sat in either the year students enter the Gateway programme, or will be a condition of offer for progressing to the A100 the year after.
Interview	Interview method	Panel interviews (Multiple Mini-Interviews for progression from Gateway to A100).
	Work experience	No specific experience required.
Widening participation		Applicants should also meet some of the following criteria: • have engaged with a Reach project • reside in an area of socio-economic disadvantage • are being looked after (or have been looked after) as a result of a local authority order • are a registered carer • attend a school which has low numbers of pupils who progress to higher education • attend a school which has low attainment in relations to Highers and Advanced Highers. See website for explanation of academic and contextual requirements. St Andrews participates in the Reach scheme.

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: University of St Andrews Medical School.
